French Scents for the Home

Family-owned and family-run, Blanc des Vosges has been specialising in bed linen for over 170 years. And now the French house has taken its *savoir-faire* of making the home beautiful by adding a collection of home fragrances. The collection includes scented candles, diffusers, soaps and home sprays, and are all available in three different scents, Pluie Céleste with notes of fig and jasmine, Monts Boisés with notes of patchouli and Grand Large with notes of gardenia.
